TOPIC REVIEW

Think for a moment of all
that has happened to you in
the past two years. During
that time, how has being a
member of AAUW influenced
what you are thinking and
doing, or have thought or
done? What has your branch
done, doing or planning to do?
Is your world any different
because AAUW exists?

The Association wants to
know and wants to tell all
at the Convention in June.
But first let's hear our-
selves say it at our State
Convention in Caribou.
Friday evening we will have
time to write down our
thoughts and ideas, as well
as to talk about them.

When you get tired of count-
ing the trees, doing your
needlework, reading your books
or talking to your neighbor
as you make your way north,
give these questions some
thought. Then you'll be
ready. The long-awaited End
Product Workshop is near!

RESOLUTIONS

1. Whereas, the 1975 National
Convention of AAUW voted to
award dues-free membership to
fifty-year members, with such
action covering only the national
portion of an individual's
total dues; and

Whereas, certain members of
the Maine division of AAUW feel
that such consideration be
given to members of fifty years
at the division level;

Therefore, be it resolved
that the Maine division of AAUW
will award dues-free membership
to fifty-year members.

2. Whereas, the proposed
Dickey-Lincoln dams would have
adverse economic, social, and
environmental consequences; and

Whereas, to build these dams
before an accepted national
energy plan requires them would
irreversibly damage Maine's re-
sources without corresponding
benefits; be it

Resolved, that the Maine
Division, AAUW, oppose any further
studies or planning for the
Dickey-Lincoln dams, ~~unless~~ an
accepted national energy plan
demonstrates a need for them.
